

KS1

Reindeer

Pick your favourite, find it in the Museum, and draw it in the North Pole scene.

A line drawing of a North Pole scene. In the background, there are several jagged mountain peaks. In the foreground, there is a body of water with a large ice floe. A polar bear is standing on the ice floe, facing left. To the right of the polar bear, there is a large, craggy rock formation. The entire scene is enclosed in a rectangular border.

Leopard seal

Pick your favourite, find it in the Museum, and draw it in the South Pole scene.

A line drawing of a South Pole landscape. In the background, there are several jagged mountain peaks. In the foreground, there is a flat, icy surface. On the right side, a penguin is standing on a small, rectangular ice floe. The penguin is facing left. The entire scene is enclosed in a rectangular border.

Do polar bears come from the Arctic or Antarctic? Circle your answer.

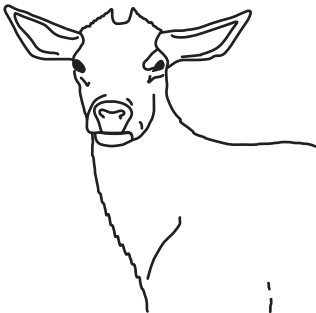

Find the polar bear in the galleries.

What do polar bears have on their bodies to help them survive on the Arctic? Pick three answers below and draw a line to the polar bear.

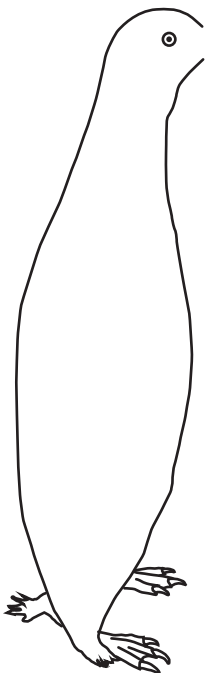

- Large paws
- Sharp teeth
- Sharp claws
- White fur
- Black skin
- Goggles over eyes

Find the reindeer. Complete the drawing below

Penguins live in the Antarctic. Find the penguins in **Gallery 1** and finish the drawing.

Can you find the words below in this **Arctic and Antarctic Wordsearch?**

ANTARCTIC ARCTIC COLD FREEZING HABITAT
ICE CAPS NORTH POLE PENGUIN POLAR REINDEER
SEAL SOUTH POLE SNOW WALRUS WHITE
